Hitler and Bormann Were Masonic Jewish Agents - The Smoking Gun

August 8, 2025

Hitler and Bormann, left.

After the war, Gen. Reinhard Gehlen, Chief of the West German Intelligence Agency, (BND), confirmed his wartime suspicions as Abwehr chief in Russia.

Martin Bormann, the second most powerful man in Nazi Germany, had been a "Soviet" spy, with Hitler's complicity.

Hitler was an Illuminati agent mandated to lead Germany into a catastrophic defeat in order to snuff out German nationalism once and for all, and make way for the Rothschild Communist NWO. (In WW3, Trump will apply the same strategy to the US.)

World War Two was the most egregious hoax in history, followed by COVID and the Cold War. All world wars are contrived by Freemasons on both sides. Trump, Putin and Satanyahu are Freemasons and members of

Chabad, a Jewish supremacist doomsday cult that requires a "social catastrophe" in order to summon the Jewish antichrist. Organized Jewry (Rothschilds) engineer world wars to destroy Western civilization (https://henrymakow.com/the_destuctive_principle_of_th.html) and kill "infidels" and people who reject Lucifer, incl. assimilated Jews.

Editor's Note- Longtime readers are familiar with this information but I repost as a reminder that the coming world war will be orchestrated like the last.

All world wars are designed to degrade and demoralize humanity to accept Masonic Jewish (WEF) tyranny. All political leaders are globalist traitors.

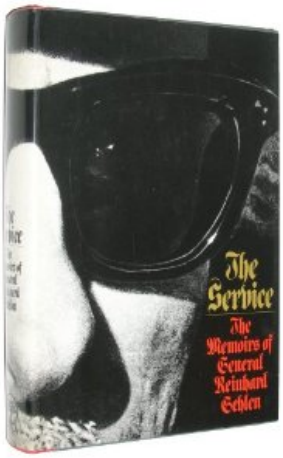
by Henry Makow Ph.D.

In the past, I have presented evidence that Martin Bormann, the man who signed Hitler's pay check, was a Soviet i.e. Illuminati agent (https://www.henrymakow.com/002026.html) ; but I was not sure if Hitler was also a conscious traitor.

The testimony of General Reinhard Gehlen, Abwehr Intelligence Chief for Russia, indicates that he was.



In his memoirs, *"The Service"* (World Pub.1972) Gehlen says that he and Admiral Canaris, head of the Abwehr, suspected there was a traitor in the German Supreme Command.

Both had noticed that the Soviets were receiving "rapid and detailed information .. on top level decision-making."

They both suspected Martin Bormann, the Deputy Fuehrer and Head of the Nazi Party.

"Our suspicions were largely confirmed when, independently of one another, we found out that Bormann and his group were operating an unsupervised radio transmitter network and using it to send coded messages to Moscow.

When OKW monitors reported this, Canaris demanded an investigation; but word came back that Hitler himself had emphatically forbidden any intervention: he had been informed in advance of these *Funkspiele*, or "fake radio messages," and he had approved them" (p.71).

GEHLEN CONFIRMED BORMANN TRAITOR

Despite the fact that vital information continued to leak, Gehlen and Canaris left it at that. " Neither of us was in any position to denounce the Reichsleiter [Bormann] with any prospect of success."

In his book *"Hitler's Traitor"* Louis Kilzer estimated that Bormann (https://www.henrymakow.com/002026.html) was worth fifty divisions to the Soviets.

After the war, Gehlen, who headed the BND (West German Intelligence Agency) was able to confirm Bormann's treason. "During the 1950's, I was passed two separate reports from behind the Iron Curtain to the effect that Bormann had been a Soviet agent...' (p.70)

The fact that Hitler shielded Bormann confirms that he also was an active traitor. Both served the Illuminati (Masonic) bankers, i.e. the Rothschild syndicate, based in London. The Illuminati were also behind Stalin and Communism, not to mention Churchill, and FDR.

By fabricating war, the Illuminati wage war on humanity with the ultimate goal of a veiled world government dictatorship.

Think 9-11, "The Patriot Act," mass surveillance, lockdowns, "vaccines." Behind the veil of fighting "terror," they are constructing a police state. "They" are the central banking cartel, the real Deep State. The target is society as a whole.

HITLER'S DELIBERATE BLUNDERS

In the winter of 1941-42, Gehlen and fellow generals had concluded that the Russian campaign was doomed "not because it could not be militarily or

politically won, but because of Hitler's continued interference, that resulted in such elementary blunders that defeat was inevitable." (98)

(Time Magazine's 'Man of the Year' 1938. The Illuminati created Hitler.)

Despite the fact that Hitler had covered for the traitor Bormann, Gehlen didn't come to the obvious deduction, that Hitler's "elementary blunders" were deliberate.

In his book, Gehlen details some of these blunders.

The General Staff wanted to concentrate resources on capturing Moscow. Hitler insisted on dissipating the effort on three fronts.

The General Staff saw that the Soviets were going to entrap the Sixth Army at Stalingrad, and demanded a strategic withdrawal. Hitler vetoed this and 200,000 of Germany's best troops (and irreplaceable weaponry) were killed and captured.

To replace these losses, the General Staff wanted to recruit millions of willing volunteers from anti-Communist ranks, i.e. Russians, Ukrainians, Lithuanians etc.

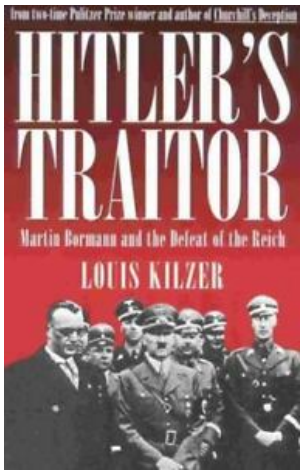
"After 20 years of arbitrary injustice and terror, the re-establishment of elementary human rights such as the dignity of man, liberty, justice, and the sanctity of property united every inhabitant of the Soviet empire in a common readiness to support the Germans." (81)

The Wehrmacht began to build a nationalist regime around the charismatic Russian defector, General Vlasov.

Indeed, such an appeal was Stalin's worst nightmare, according to his son, who became a POW.

"The one thing my father dreads is the emergence of a nationalist regime opposed to him. But that is a step you'll never take." Yakov told his Nazi interrogator. "Because we know you have not set out to liberate our country but to conquer it." (80)

Wrong. If Hitler's aim was to conquer Russia, he would have deceived the locals, and then crushed them later. Hitler's real aim was not to defeat Russia but for Russia to defeat Germany.



Hitler didn't try to deceive the Slavs about his genocidal plans for them, and instead of being welcomed, won their implacable resistance and hate. Stalin knew he could trust Hitler, a fellow Illuminati agent, to take a fall.

Similarly, if Hitler's real aim was to thwart the Jewish bankers, he would have invaded England not Russia.

World War Two was the most egregious hoax in history. A cult of satanic (Sabbatean) Jews and Masons, financed by the Rothschild syndicate, is responsible for destroying more than sixty million lives.

Hitler proved by his actions that he was a traitor. He was installed by the Illuminati to destroy Germany so that it would slip neatly into the NWO. Want proof?

Look at Germany today.

I don’t doubt that Bormann was a traitor, but I believe it was Canaris that gave the allies the Enigma codes. Hitler may have been a fanatical nationalist and a reckless gambler, but he was not a traitor.

Great article. I agree with your conclusions that Hitler was a Rothschild agent (and probable Rothschild by birth) and built Germany up to ultimately deal it a crushing and unrecoverable defeat while criminalizing any nationalistic sentiment in the European Union that would emerge.

In my opinion, Trump did the same thing with make america great again, building us up with a euphoric high to ultimately preside over America's destruction during the "covid" war, and demonizing the america first nationalist movement for the new world order.

So when the libs all cried that Trump was Hitler, they were totally right, but for the wrong reasons!

First of all, you cannot prove that Hitler's actions constituted a "shielding" of Bormann. You could just as easily conclude that for Hitler to forbid any intervention by Abwehr upon his being informed of fake radio messages that he APPROVED simply shows the level of deceit perpetrated on him by the Bormann group.

Your logic is seriously flawed by the lack of any empirical evidence PROVING Hitler's complicity

I have to disagree strongly.

Ghelen was writing after the war. He had no idea about the Ultra Intercepts, Enigma. He was right to be suspicious of Bormann. Ultra was giving Stalin the entire German order of battle. Bormann hung around Hitler like a bad smell, keeping people away. Indulging Hitler's fantasies of winning the war in his methamphetamine intoxication, administered by Dr Morrel. It makes sense he would be suspicious of Bormann.

Wilhelm Canaris has more credentials as a traitor.

Ultra lost Germany the war. Even knowing the entire German order of battle - times they would strike, where and when - the Soviets still barely hung on.

Hitler was a brilliant armature tactician. The Soviets had 30,000 armoured vehicles on or near the border. Stalin was set on a June 1942 invasion of Western Europe. Hitler, with great daring and great risk, almost pulled off the most brilliant military maneuver in history.

After Stalingrad, mid 1943, the German Army on the retreat, moral at its lowest, General Von Manstien pulled off the most brilliant military armoured maneuvers in history and stopped the Soviet juggernaught dead in its tracks. Why was he able to do this?

Because he turned off his radios and refused to relay information to Hitler. Ultra was useless. The Soviets were blind and we're slapped to a stop. The gigantic battle of Kursk followed a few months later.

Hitler never believed the pact between Communist Russia and the capitalist west could hold. He deliberately notdenuded the eastern front and went after the allies, believing there some peace they would come to. But they didn't. Hitler had failed to follow orders. Germany paid.

Saddam failed to follow orders. Iraq paid.

The ayatollahs may well be failing to follow orders. Iran may well be going to pay.

Will Trump follow orders?

To posit Hitler as a warmonger is an egregious lie put forth by the real warmongers, FDR, Churchill, and Stalin. It is contrary to voluminous documentary evidence illustrating that the last thing Hitler wanted was war. The facts of the matter are that the Jews declared war on Germany in 1933, and that Hitler did everything in his power to avoid war, even to offering to come to England's defence if necessary. The Germans could have annihilated British and French troops at Dunkirk, but Hitler would not allow it. The soviets burned Neville Chamberlain in effigy after the Munich Agreement. That's how much the Communists wanted war. In my opinion, the following statement is historically untenable:

"Hitler was an Illuminati agent mandated to lead Germany into a catastrophic war where German nationalism would be blunted once and for all. World War Two was the most egregious hoax in history."

World War II was indeed the most egregious hoax in history, but definitely not for the reason you suggest.

According to researcher Rabbi Marvin Antelman, Hitler was conceived in a Sabattian ritual on the 9th of Av, in Austria. The town of his conception was obliterated following the Nazi occupation of Austria.

â€œIn this New World Order the children of Israel will furnish all the leaders without encountering opposition. The Governments of the different peoples forming the world republic will fall without difficulty into the hands of the Jews. It will then be possible for the Jewish rulers to abolish private property and everywhere to make use of the resources of the state. Thus will the promise of the Talmud be fulfilled, in which is said that when the Messianic time is come, the Jews will have all the property of the whole world in their hands.â€□

I'd just add the caveat that most Jews are not aware of this secret agenda. Paradoxically they are easier to manipulate as a result.

Henry, it's also worth noting that General Gehlen's memoirs were translated into English by David Irving, who despite being victimized, slandered, smeared as a "denier" and relentlessly persecuted by the "traditional enemies of free thought" (as he puts it), is still fighting to get the truth out about WWII. These horrendous mistakes called world wars, that we have to assign numbers to because we keep making them, is about to be repeated.

Jesper said (November 20, 2012):

There are countless theories about Hitler, the SS, the Thule Society and why WW II happened. All of these theories are very interesting and well documented, but hopelessly incompatible. Leaving the theories aside, we are left with one plain fact: for at least 80 years now, all media, small and large, have relentlessly and ruthlessly denigrated, persecuted, slandered, humiliated, ridiculed, reviled, robbed and spat on the German people. There has been no truce. No exception. No dissension. Any stick has been good enough to flog the Germans with. No media campaign in history has lasted that long and been so intensive and unanimous. Germany must represent a real threat to someone. As Kaufman said, â€œGermany must perish!â€□

Bill said (May 16, 2011):

Hitler was "discovered" just as Woodrow Wilson and Barack Obama and hundreds of others were discovered and groomed for leadership. The shadowy Thule Society was the creator and sponsor of the National Socialist Party and one gets the feeling that the Communist anarchy in Germany in the '20s was deliberately done so as to bring about a right-wing ruling party like the Nazis. Hitler was guided by powerful 'friendly' forces until near the end when perhaps he realized his fate. But by then it was too late.

Tim said (May 14, 2011):

Henry: enjoyed (but didn't agree with) the Borman/Hitler article. Believing anything Gen. Gehlen ever said is ridiculous on the face of it. Gehlen was one of history's most accomplished liars and propagandists. He came under the tight control of what was to become the CIA very shortly after WWII ended, and remained their puppet and mouthpiece until he died. The USSR didn't really 'need' anything from Bormann. They had the so-called 'Red Orchestra' in Berlin, known by the Nazis to be composed of high-ranking military officers opposed to Hitler, regularly supplying the most secret, guarded military information to the 'Lucy' spy ring, which broadcast to the Soviets in code from Switzerland, the Nazi order-of-battle just prior to the battle at Kursk (which began the Nazis' pell-mell retreat,) being one of 'Lucy's' great triumphs.

Attacking Moscow and possibly occupying it would have meant little, as the Russians had plans to simply withdraw east of the Urals in this event, and carry on the fight. No matter how you slice it, Hitler simply did not have enough men and machines to occupy a large part of the Soviet Union at any time after Operation Barbarossa began. Hitler wasn't 'installed by the illuminati.' His party won great victories at the polls in the elections just prior to 1933. He was named as chancellor because popular opinion firmly backed him and Weimar knew it.

The idea that Hitler was gay or a male prostitute is absurd. Possibly someone could name or describe one or more of his boyfriends? He caused the deaths of many homosexuals in his camps. August Kubiezek, the companion of Hitler's youth relates how he was star-struck by the mysterious 'Stephanie' and loved her platonically from a distance back in Linz. He said he lived with Hitler in Vienna for a lengthy time and that Hitler displayed no evidence at any time of homosexuality, mentioning instead that Hitler seemed to intensely dislike most of the people they met, no matter who they were.

I couldn't agree more.

Over the years I've studied WW2 extensively and the question of Hitler's validity has been foremost in my mind. The fact that he allowed the British Isles to remain intact and unoccupied (for the most part) to serve as a staging area for the 1944 invasion defies any kind of military logic whatsoever.

Kurt said (May 14, 2011):

I disagree. It was Canaris who was the traitor and supplied the allies with the enigma code information. Hitler was a dupe who caught on late in the game and was destroyed when he tried to steer Germany on a course of national survival.

As Henry did cover in the article "Martin Bormann was Rothschild Agent -- Damning Evidence"

Pffft, and now a faggot Kenian slinky pimp, and they ate that too, this time the Ummericans. They must feel like they could have Charlie Manson as Climate Czar and they would swallow it, those whose time is quickly approaching.

It is well known here that Mr. Adolf Knucklefuck spent his many years (in part) in the country I am currently writing from, Argentina. Juan D. Peron, local Rothschild-Mason-Propaganda 2 pimp, got installed and oiled the wheels while this happened. There is a local historian with a published book in Spanish, Abel Basti, who has written about this piece of Austrian excrement living here, with direct testimony of people who saw him, now at the end of their lives, but very young when this ocurred. It is well know here, as I said, if you care to listen.

A great piece, Henry. So necesarry. Send it to Germany. They will love it.
